

**Do you wish you could delve into scriptures in a different way?  
Do you like to be creative?**

**St. Peter's will be offering "Art and Sacred Story", a way to use artistic tools . . . and your artistic side.**

This program will bring you closer to the Word and gives you a chance to be creative as well. In reading a certain passage and talking about how it affects you, makes you wonder, etc. We will have some existing supplies but you are welcome to bring your own to use.

Sessions will be guided by Ginny Just who has a background in design and teaching. You may call her at 508.345.4493 with any questions.

Or contact the church office for more information and look for a sign up sheet in the hallway for times and place.
