CHURCH OFFICE HOURS

Monday – Friday
9:00 AM – 2:00 PM

Centering Prayer

Tuesdays, March 8 & 22 @ 10:00 am, Sanctuary

Kathy Teahan from St. Mary of Magdala will be leading this. All are welcome. Contact Kathy at kathyteahan@hotmail.com if you have any questions.

St. Peter's Sojourners

Now that many of you are vaccinated, we've changed our procedures for weekly walks together. We continue to invite new walkers and ask that they contact Lynn Hatch if they wish to join the group and get updated info on where our walks will be. We will once again meet at the church parking lot for car pooling, at 8:10 am Tuesdays.

Masks are not required for the walk but must be worn if breakfast establishments require them. We always plan on going to breakfast after each walk.

For those wishing to know the meeting place for the start of each walk if it's more convenient and closer than the church, directions for the trail head will be sent each week. The Sojourners walk at different locations on the Cape each week, and we're always open to a new trail we've not tried before, perhaps it might be your favorite.

View From the Deck

As a young person I was fascinated by the Westward Movement of Caucasian settlers from the East in our country. I am the great-granddaughter of someone who was born during that movement. North Carolina to California, via Kansas and Colorado was the journey my ancestors made over several generations. The idea of covered wagons, sod houses, leaving everything behind was romantic and mystifying. Why would any one do that?! Don't get me wrong; I'm glad they left the hollers of mountainous North Carolina to make their way to the land of citrus and salt air.

Usually women did not have a say in this. Because of economic circumstances, fear, or crazy dreams, the men said, "Let's go" and the women began to pack. Belongings were carefully sorted, and sometimes had to be left alongside the road as loads needed to be lightened. Those mothers and aunts who stayed behind gathered flower seeds from their established gardens to share with those who were moving away, hoping that somewhere in the west the same flowers would bloom and remind the new landowner that someone back East loved her.

I've been thinking about this as a metaphor for our lives right now. We're on an epic journey, going someplace new that we have never seen and only can dream about. We did not necessarily choose this journey; most of us feel it was forced upon us. And here we are. No destination that we can yet see. No wheel ruts to show us the way. We have no idea how long this journey is going to last and we don't know when we'll arrive. We haven't been on this road before.

Do you feel lost along the way? A bit disoriented? Uncertain of what our future will look like? I'm with you!

As a pastor it is expected that I'll help lead us along this path. I have to say, it is difficult to lead when I'm in your same wagon. God has not given ordained people special visions of the path ahead; we don't hear angel guides giving us clues ("turn left at the next crisis point"). What we clergy do have is faith - faith that we are not on our own. Faith that God is on this road with us.

View From the Deck, cont'd

Faith that God will go with us into this uncertain future. Faith that God isn't done with the Church yet and that we still have a vibrant future ahead. And we know this because the Bible is full of stories when God led God's people into a totally new future (Sarai and Abram leaving Haran for Canaan; the Israelites fleeing out of Egypt and into the wilderness; Joshua entering the Promised Land; Jesus going to Golgotha; Peter, James and John leaving their nets for a new type of fishing.)

Where we are going is not going to look like what we left behind. We're never going back to the way it was back before COVID. Perhaps we'll plant a few flowers along the way, reminders that we had a past that mattered, even as we build a new future.

May God bless this journey, giving us safety and peace, in the midst of so many unknowns. May Christ walk these steps with us, showing us the way. And may the Spirit of God comfort and encourage and challenge us to stay faithful along the way.

Pastor Tiffany

Our new Worship Team is working hard to help us assess where we are with worship and where we want to go.

Here's our upcoming worship schedule for special services:

Ash Wednesday, March 2

8 - 10 am Ashes to Go will be offered drive-by style under the portico. Anyone who cannot attend worship is invited to come and receive an ash cross and prayer.

Wednesdays at 12 noon we'll offer midweek Lenten services, followed by fellowship outside under the portico.

The new Worship Team includes:

Donna Albert
Lynn Archambault
Lou Meyer

Minister of Music, Maggie Ribb
Pastor Christian Holleck and Pastor Tiffany Nicely Holleck.

"from the Organ Bench"

Like everyone else, I am wondering, sometimes dreaming, about what "post-COVID" will look like for life in general, and especially in church. And, there is a bit of fear in that, as I also wonder what church music in general is going to look like, considering the changes we have made already in how we present our musical offerings during worship. I have a bit of professional insecurity about this.

I am reminded of the times when we organists used to have a pretty meaningful time playing funeral and memorial services on old Hammond organs in the funeral homes. Not only did such dates provide a little added income, we felt like we were *really doing something* for families who were in great need. And then somebody got the bright idea of using CD's, piped through their existing sound systems, along with speakers from the podium! You get where I'm going with this. I hate to be the bearer of very bad news, but some churches had been doing this already, long before COVID.

Fortunately I don't have to tell many people here at St. Peter's that there is no substitute for the giving and receiving of a live musical message, within the context of a live worship service. But we learned during COVID that sometimes this is not possible, and certainly not recommended. My only hope is that those times are behind us and that we can instead, when looking forward, find positive new ways to involve as many people as wish to participate, in new ways of bringing God's message to the people in the pews and online.

But, back to the plans of a post-COVID existence. I have spent some time recently perusing writings from all churches and denominations on the subject. Actually I have been doing this since the start of the pandemic. Recently I ran across an article called "12 trends for being church in a post-pandemic world" written by Barry Howard, a Baptist pastor. At the time the article was written, we were only 6 weeks into the pandemic, and already the alarm bells for churches folding, going bankrupt, losing their importance in every day lives, were going off. He brings a message of hope in his piece and does not dwell for one minute on the negative aspects of the pandemic, but instead looks forward in a hopeful way with each citation. One observation in particular jumped out at me: *"There will be more emphasis on small-group gatherings and less emphasis on large-group gatherings."* Pastor Howard goes on to say "The strength of a church will be manifest in small group connections, rather than crowd size. The post-COVID church will focus more on spiritual muscle than physical mass."

"from the Organ Bench" continued

So here's my challenge for you: if you've ever wanted to sing, play an instrument, start a musical group outside of the two fine groups we already have (Sanctuary Choir and St. Peter's Handbell Choir) - talk to me about your idea! Fortunately, (and this is indeed very fortunate) St. Peter's already has a history of ensemble musicians gracing worship services during holiday times and summer. I would like to build on this, to include as many people who wish to be a part of the ministry of music as possible, and in new ways. Let me add the days of presenting larger choral works (either with bells or instruments) do not have to be a thing of the past. But understand, other churches and other church music programs in our area are experiencing the same challenges as we, and I believe there may exist a hunger for more collaboration of these smaller choirs among churches in the future.

Let's commit to looking forward in positive ways, to collaborate and most importantly, to dream. Let's be open: to new ideas, new musical literature, and new ways to present music in worship. And most importantly, do not hesitate to speak to me directly, or to ask questions!

Blessings and peace,
Maggie

Operations Administrator to retire this month:

Kathy Branton will be retiring at the end of this month. Although we will miss her expertise, her competency, and her careful attention to detail, we are excited for her and Tom as they begin their lives as retired people. Congratulations on your retirement, Kathy! God's blessings in this new chapter of life.

Dear St. Peter's members and staff,
It has been a privilege to be part of such a dynamic community of faith. Tom and I are looking forward to this next chapter of our lives together with great joy, but I must admit to some sorrow as well. Serving St. Peter's has been a joy and a blessing! Your dedication, enthusiasm, and generosity of spirit makes St. Peter's a remarkable and shining example of what Christianity can be in and to a community. Thank you for allowing me to be part of this.

By Christ's Grace,
Kathy

The Creeds of the Church

A Series of three workshops facilitated by Pastor John Stendahl and Pastor Christian Holleck

What creeds does the Lutheran Church adhere to? When, how, and why did each of these ancient faith statements come into being? What do they tell us about Jesus, and what's missing? What functions do they serve in the Church today? What does it actually mean to recite or to give authority to the words of a creed? If questions like these intrigue you, or if you're simply open to becoming intrigued, we invite you to join us for these three sessions exploring the topic.

Sundays, March 13, (no workshop on March 20), March 27, and April 3.

10:45 - 11:45 a.m. Fellowship Hall. Will be offered in hybrid format (in person at the church, but also simultaneously, via zoom).

There is a change in our meeting schedule.

We will now meet on the first and third Mondays of the month - so Monday, March 7th and Monday, March 21st at 1:30.

We plan on meeting in person unless the COVID threat becomes worse.

Please join us for prayerful knitting or crocheting and pleasant conversation.

You may contact Marianne O'Boyle at 508-775-2757 or marianne@oboyloe.net for more information.

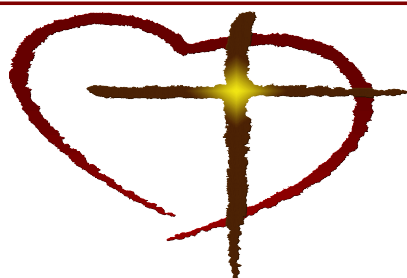

We look forward to the beginning of Lent this month and a hope for warmer weather and less snow.

To be determined whether we will meet in person depending on the COVID situation as we don't have any pressing business.

However, let's plan to keep in touch with one another.

Contact Marianne O'Boyle at 508-775-2757 or marianne@oboyloe.net for information about Esther Circle.

Sacred Sorrow

"Grief is neither a problem to be solved nor a difficulty to be overcome. It is a sacred expression of love: a sacred sorrow."

Here is a similar quote to consider which is attributed to Elizabeth I.

"Grief never ends, but it changes. It is a passage, not a place to stay. Grief is not a sign of weakness nor a lack of faith: it is the price of love."

The ministry for bereaved parents will meet on Thursday, March 17th at 1:30 if we feel it is safe to do so.

If you have questions about Sacred Sorrow or would just like to chat please contact Marianne O'Boyle at 508-775-2757 or marianne@oboyloe.net.

NOTES AND LETTERS

Hi all,
So, Mom/Ginny is moved into the Arbors in Chicopee. It's been a tiring move but the people seem welcoming and there's a good amount going on. There's still some things to do to integrate her into things (doctor, church, etc.) but that'll come.

Just wanted to pass along her contact info. Here it is:

929 Memorial Drive, #135B
Chicopee, MA 01020
Home phone: 413 331-0161
Cell phone: 508 345-4493 (still the same)

Thanks to all for all the support you've given throughout this move.

Patrick

Dear members of the Prayer Shawl Ministry,

I received your package yesterday filled with love and prayers.

Thank you for the prayer shawl and the comforting prayer note card.

To think that I am being taken care of from a church group in Massachusetts is comforting.

Your ministry of knitting shawls is a wonderful one.

Thank you for sharing your gifts with me.

Blessings,
Marcia Cupery

Loaves and Fish Pantry

We have made a few adjustments to the hours of the Loaves and Fish Food Pantry here at St. Peter's but will still be open four days a week. Our new schedule is as follows:

Monday: 1:00 - 3:00 pm

Wednesday: 2:00 - 4:00 pm

Thursday: 11:30-1:30

Friday: 10:00 am - 12:00 pm

We welcome Ruth-Anne O'Gorman to the team of faithful volunteers and she will be working with Carol Vrlik on Thursdays since that is usually our busiest day. If you are aware of anyone having difficulty making their grocery budget last throughout the month, please encourage them to stop by the pantry or call me and I will reach out. (Ruth Brenneman 774-286-9025) There is a simple intake form needed that includes address, phone, and birthdates of family members and then clients can access the pantry twice a month. We are still using an easy curbside delivery system but look forward to welcoming everyone back inside as soon as possible, unless they are more comfortable with the curbside arrangement. Thanks for keeping the shelves stocked and supporting this wonderful outreach program that is under the Lower Cape Outreach Council in Orleans.

The LCOR has lost many of their volunteers and is looking to recruit new community members to assist in the office and other programs. If you are interested in finding out about the various opportunities, please call Karen Ross at 508-240-0694.

March 2022

Lunar Lunacy

When the full moon rises at sunset then sets at sunrise, it does not cross the sky from east to west. It only appears to move in that direction. It's the Earth's rotation from west to east that cast this illusion of the moon taking only half a day to cross the sky. Because the orbital velocity of the moon is much less than the rotational velocity of the Earth, the moon crosses the sky from west to east at an average velocity of a little less than 2,300 mph. Proof of this matter is easy: note the moon's location at 9 PM. Then, one day later, note the new moon's little new location at 9 PM. You'll find it to be about 13° to the east of the old location! Don't forget, it takes over 27 days for the moon to orbit the Earth just once and only 24 hours for the Earth to make a full rotation.

The moon's orbit is an elliptical one varying from a maximum distance (apogee) of 252,000 miles to a minimum distance (perigee) of 225,000 miles. When the moon reaches its perigee, gravity causes the highest of tides. When the tide is high on one side of the Earth, it's also high on the opposite side to keep the Earth rotation balanced.

It's well known the moon keeps the same side always facing the Earth. Consequently we never see its backside. As it revolves the moon rotates slightly from the west to the east creating this phenomenon. Extra gravity caused by the Earth's rotation makes the moon rotate **JUST ENOUGH** to keep it aligned always facing the Earth.

The diameter of the moon is 2,160 miles, about 1/4 the size of the Earth. The moon has a steadying influence that keeps the Earth's axis tilted at 23.4°. These two bodies actually revolve around each other, but the moon does most of the revolving.

An accepted hypothesis of the moon's formation is as follows: About 4 billion years ago the molten Earth was hit by another planet X. The impact destroyed X hurling chunks of debris into space. The largest chunk solidified as Earth, and a smaller chunk began revolving around the Earth as it solidified into the moon. It's the most probable theory that astronomers have accepted, but it's still a hypothesis. Only God knows how it all came about as the Earth and moon were created by design!

PASTOR'S RESPONSE BY CHRISTIAN HOLLECK

Did you know?

Some Bible verses regard the moon as part of God's creation, which we can behold with wonder. For example, Psalm 8 speaks of looking at the moon and stars with wonder, reflecting the majesty and grandeur of God's creation. Psalm 136 speaks of the the sun that rules the day and the moon that rule the night; both are signs of God's loving kindness. Psalm 121:6 is somewhat different, affirming God's protection for those traveling: "The sun shall not strike you by day nor the moon by night." There was an ancient belief that the moon could pose danger; one could be 'moon-struck.' Matthew 4:24 speaks of Jesus healing epileptics; a literal translation of the Greek could also be "those struck by the moon." In summary, some verses reflect a biblical world view different from our own regarding the dangers of the moon. However, there are constant themes of God providing protection to his people as they travel by day or night, and an affirmation that all of creation glorifies God. "Praise him, sun and moon; Praise him, all you shining stars!"

Council Corner notes

Highlights of February 2022

To accept the resignation with gratitude and regret of Operations Administrator, Kathy Branton.

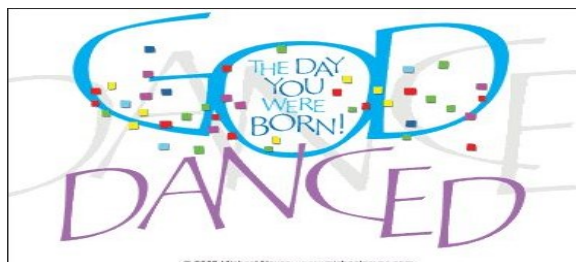

To appoint a search committee for the Operations Administrator position.

At the February 15 Council meeting, the Council dealt with the following business:
